

# Bath Salt PLUS

## ANCIENT SEA MINERAL SALT

*There is a vast difference from one bath salt to another. Many are refined and filled with oils and fragrances. Redmond Bath Salt Plus delivers all the benefits you expect from a mineral bath salt without any chemicals or additives. The deep rich color is the result of more than 60 trace minerals that contribute to its healthy, calming, and restorative abilities. Redmond Bath Salt Plus is available in an affordable 7-lb. bulk bucket, allowing you to pamper yourself as often as you'd like.*

### **What is the difference between Redmond Bath Salt Plus and Epsom Salts?**

Epsom salts are refined salts made up of magnesium sulfate, which has anti-inflammatory properties. Not only does Redmond Bath Salt Plus contain a natural source of magnesium, it also has numerous other trace minerals that benefit your body in so many other ways.

### **How is Redmond Bath Salt Plus different from other dead sea salts?**

Today, there are many popular dead sea salts found in natural health stores. Redmond Bath Salt Plus comes from an ancient dead sea. The number of minerals in Redmond Bath Salt Plus are very similar to the quantity of minerals found in dead sea salts. A big benefit, however, is that Redmond Bath Salt Plus has a higher concentration of these minerals. Another advantage is that it is mined in the USA.

### **Can the body absorb these trace minerals?**

Yes. Through the process of diffusion, toxins are released from the body into the bath water, while trace minerals from the salt are absorbed through the skin.

### **Is Redmond Bath Salt Plus unrefined?**

Yes. Redmond Bath Salt Plus is completely unrefined. In fact, it is so natural, you can eat it.

### **How often should I use Redmond Bath Salt Plus? We**

recommend using Redmond Bath Salt Plus frequently. It is packaged in a 7-lb. bucket and is very affordable. Many people use it for daily rejuvenation.

### **What is the mineral content of Redmond Bath Salt Plus?**

Redmond Bath Salt Plus is 100% natural mineral. We don't add anything to it. The main mineral, of course, is sodium chloride (salt), and there are more than 60 other trace minerals that make up this powerfully-effective bath salt.

# ANCIENT SEA MINERAL SALT

## *How many minerals are in Redmond Bath Salt Plus?*

There are more than 60 naturally-occurring trace minerals in Redmond Bath Salt Plus. A few of these minerals include calcium, potassium, sulphur, magnesium, iron, phosphorus, iodine, manganese, copper, and zinc.

## *Why is the color of Redmond Bath Salt Plus so dark?*

When it comes to natural, unrefined sea salt, the color is an important indicator of trace minerals. The fact that Redmond Bath Salt Plus is dark in color is a good thing. If it were white, it would be lacking many vital trace minerals the body needs.

## *Can the sediment on the bottom of the tub be washed down the drain?*

The mineral content in Redmond Bath Salt Plus is exceptionally high and will turn bath water a reddish color. The sediment can be safely washed down the drain.

## *How much Redmond Bath Salt Plus should I use?*

Pour 1-2 cups of Redmond Bath Salt Plus into running bath water.

***Why aren't there any oils or fragrances in Redmond Bath Salt Plus?*** In general, some people have difficulty using bath salts because of the oils and fragrances they contain. For sensitive skin, these additives may cause allergic reactions. Some oils also leave a residue around the rim of the tub. We keep our bath salt pure and simple—the way nature intended it.

## *Can I add my own essential oils to Redmond Bath Salt Plus?*

What makes our salt so unique from others on the market today, is the fact that it is natural, unrefined, and free of additives. While very effective without essential oils, some choose to customize their bathing experience by adding drops of their favorite essential oils to Redmond Bath Salt Plus.

## *What are some of the benefits of using Redmond Bath Salt Plus?*

Redmond Bath Salt Plus is a great way to escape the stresses of life. It helps soothe stiff, sore, and aching muscles, aids in detoxification, helps improve circulation, helps soften skin, and promotes sound, restful sleep. People also use it to detox and rejuvenate.

## **Customer Testimonials**

*"I tried your bath salt plus for the first time. I have fibromyalgia and I get terrible leg pain and a painful burning across my shoulders. With the first use, my leg pain was gone by the time I got out of the bath, and stayed gone the remainder of the night! The shoulder pain/burning was 90% better. I still can't believe it worked, even when prescription pain pills don't. Thanks for a great product!"*  
– C. Sherman

*"I have to tell you that these products are amazing! Maybe I put too much in the tub or soaked too long, but when I got out my skin was red and actually pulsating...really got the circulation going!"* – B. Tanner

*"(Bath Salt Plus) helps me with psoriasis when I bathe in it."* – R. Kravitz
